

Hi, Roadmap Writers.

This is Yvonne from the Women of Mystery team, and I'm here to give you a walkthrough of the checkout process just in case any part of it might be unfamiliar.

After you click on the checkout link that Roadmap has provided to you (<https://paper.xyz/checkout/045ef296-0052-47fb-ab42-096509f1b4d5>) you will see this page, you'll know where you're in the right place because **on the left it says Roadmap Writers, and you also see on the left that the cost is 0.065 Ethereum.**

The reason why we need to price this in Ethereum is because technically the Writers Pass is an NFT. You don't have to worry about that underlying technology at all. It's just relevant right now because it's the reason why the price is in Ethereum, a cryptocurrency.

And since it's a different currency, you'll see at the bottom the US dollar equivalent of 0.065 Ethereum, depending on the exchange rate of the moment.

Since this is your first time, you'll click Don't Have a Wallet then Continue with email. You'll enter your email here. And for the record, this is also my email address where you can contact me with any questions.

Connect Your Wallet

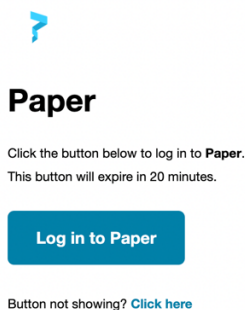

Your purchase will be transferred to this wallet.

Don't have a wallet?

Click a submit. It's going to say "Welcome back" to me because I've done this before, but since it will be your first time, it will prompt you **go to your email to check the login link there.**

So after you go to your email inbox, you'll see an email from paper that looks something like this with a log into paper button in the middle.

So just click that button and that **will take you right back to the checkout process**, and you will land on this page where you can enter your credit card info to keep my own credit card private.

Complete Your Purchase

Continue with Google Pay

or

Cardholder name

Card number MM / YY CVC

Review

I've already done that in a separate window, **so after you enter a credit card info, click review and you will be taken to the next page, which looks like this.**

On this page, you can toggle to make sure that this is the US dollar equivalent that you want to pay. And by the way, the US dollar equivalent of 0.065, Ethereum will fluctuate depending on the day, even the hour, because that's just the volatile nature of cryptocurrency.

Complete Your Purchase

Your purchase will be delivered to this wallet.

@gmail.com

Total Price ▾

\$83.17 USD

Payment Method

VISA

I accept the [Terms of Service](#) and understand I am making a non-refundable purchase of a digital good.

Pay now

[← Back](#)

So you can also take a risk and come back later if you feel like the price is a little too high, but we're expecting it to be between 80 to 95 US dollars during our sales window.

And also **be sure to click this check box to accept the terms of service, and then click pay.**

Now after you click pay now the screen will spin to verify for about 20 seconds, and it will **automatically direct you to this thank you page.**

You will also receive a purchase confirmation in your email, but that doesn't really have any functionality. The important next step is to **hang tight until the week of October 24th when you**

should look out for an email from us, the Women of Mystery team, where we will give you detailed information about how to access our seven week writer's room experience.

So in order to get that email, be sure to click share my email here at the bottom, entering your same email address, click submit, and then you are all done with the checkout process.

In the meantime, you can contact me with any questions or follow our Twitter through the link here and follow our discourse willing here, and we are so excited to create together with you.

Thank you.
